

ECO-ACTION FOR THE WEEK

August 20, 2021 – Actions for Our Own Dear Planet

Prepare for The Season of Creation from September 1 to October 4.

- **Consider:** Scientists predict that we have 10 -12 years to reverse climate change. <https://www.un.org/press/en/2019/ga12131.doc.htm>. How old will you be then? What gives you the most hope that humanity will act in time?
- **Dream a future** where the SHCJ and our Associates and friends have made a significant impact creating a future where all life is thriving: people, plants, trees, rivers, animals, fish...What helped us understand our unity? What changes in consciousness and lifestyles were involved?
- **The Laudato Si' Action Platform Goals** form a good overview of our eco-actions. They are listed here: <https://livinglaudatosi.com/saying-yes-to-laudato-si>
- **Consider** using the five-session *Laudato Si' Reflection Resource* with a few friends: [Laudato Si' Reflection Resource | ecospirituality resources](#)
- **Definitely recommended:** *Theology and Ecology in Dialogue: The Wisdom of Laudato Si'*, Dermot A. Lane, Messenger Publication, 2020,152 pages
- **Note** the things on the following list that you have done and will continue doing. Consider the ones you might add to your care for creation: [Click here for the list "We Care for Creation"](#).
