

God Became Human

Where do you find God's fingerprint of grace in your everyday life?

Does the word Incarnation bring an image to your mind and imagination?

How do you encounter God through the five senses?

God In Creation

Does another image of “God-with-us” occur to you?

How does the pulse of God’s love stir your being?

In what aspect in nature do you see God’s presence?

Closing Prayer

Let us pray,

*When I reach out in joy or in sorrow
for the things of this world, grant that through them
I may know and love You, their Maker and final home.
You, who are Love itself, give me the grace of love,
give me Yourself, so that all my days may finally
empty into the one day of Your eternal Life.*
