Welcome to Apley Grange

Since 1970 Apley Grange has been the care home of the European province of the Society of the Holy Child Jesus (SHCJ), an international congregation of Roman Catholic religious sisters.

We welcome to Apley Grange women who would like to share our home, living with us in a warm, friendly, Christian environment.

Philosophy of Care

At Apley Grange we provide support, care and nursing, according to individual needs. Our aim is to support residents to lead full and happy lives and to be as independent as possible, taking into account each one's physical, emotional and spiritual needs, and her abilities, personality and choices.

Accommodation

Set within secluded gardens and grounds, in a quiet residential area close to The Stray, the care home has three interlinked buildings, offering different levels of care: Hilda House provides facilities for semi-independent living; Margaret and Cornelia Houses are for residents who need more specialist care and nursing.

There are forty-two single en-suite rooms, fitted with mobility aids, television and internet access.

Lifts serve the rooms on the upper floor. Residents are encouraged to personalize their rooms, bringing small items of furniture or other treasured possessions.

Visitors are always welcome at Apley Grange and can be received by residents at any time. There is a small self-contained flat, with a kitchen/lounge area and two en-suite rooms, available when necessary.

The Chapel

The spiritual needs of each person are important in the holistic care offered in Apley Grange. There are regular services in chapel, which is possible to view from lounge areas and individual rooms by video link. Opportunities are provided for prayer and reflection by pastoral care team, which includes Holy Child sisters and a Catholic priest.

Activities

The wide range of activities offered include arts and crafts, singing, poetry, gardening, quizzes, chess, bingo, reminiscing and films There is a regular exercise class and guest speakers and entertainers come periodically. Many books are available and there is also an external library service.

Special events to mark significant days of the year are enjoyed as well as various ways of fund-raising for local charities.

Residents can walk or be taken in a wheelchair round the beautiful grounds or the local area. Trips to the town or nearby garden centres for tea, coffee or some shopping are arranged quite frequently.

Grounds

The garden and grounds are accessible to everyone, whatever their degree of mobility. The beauty of each season in the mature garden provides an attractive outlook from most of the rooms.

Harrogate and the surrounding area

Harrogate, south-east of the Yorkshire Dales, is famous for its flower shows, Turkish baths, antique shops, the Royal Horticultural Society Gardens at Harlow Carr, the annual Great Yorkshire Show, and the Harrogate International Centre. Nearby are many attractive towns and village, historic houses, castles, abbeys, race courses, and beautiful scenery.

The Society of the Holy Child Jesus

The Society was founded in 1846 by Cornelia Connelly, whose call to help others grow strong in faith and live to fully human lives continues to influence and inspire the sisters.

Today, in Europe, Africa and the Americas, Holy Child sisters are involved in education and health care and in other pastoral, social, and spiritual works.

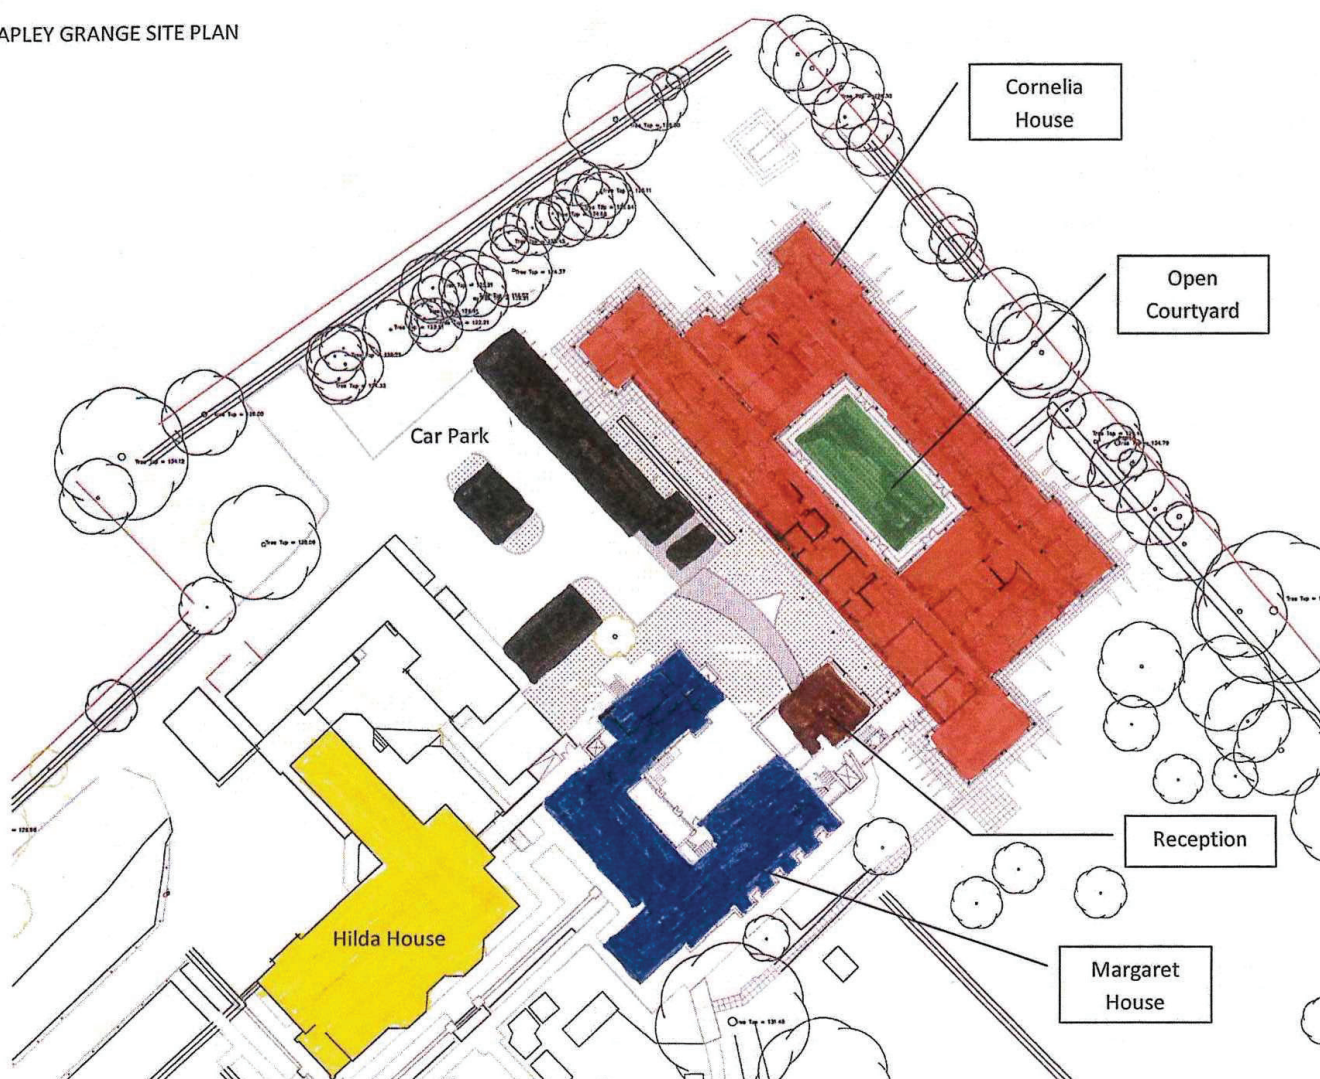

Inserts: Fees, admissions

Apley Grange is registered with the Care Quality Commission for full nursing care.

The dedicated staff team of registered nurses provide 24-hour nursing care.
