

Voting for General Chapter Delegates

An important part of the Province Chapter is the voting for General Chapter Delegates. The following is the list of qualities we received from the SLT. Please consider these as you discern your choice of our General Chapter Delegate candidates. A General Chapter Delegate must

- pray for a discerning mind and heart, respectful of the views of others and with an ability to work well with them;
- commit to familiarizing herself with current situations and concerns of the Society, church and world;
- think “Society” rather than represent her own province;
- enter seriously into the discernment process for the next leadership team;
- have the required stamina to sustain an engaged, effective presence before, during and after the general chapter;
- bring back the message of the chapter to her own province, enabling sisters to enter into it with understanding.

Delegates open to be elected to the General Chapter 2022
